Appreciation for great services of ICAR-CIFE, Mumbai

I put on record the appreciation and outstanding services provided by the staff of Post Harvest Technology section of ICAR - CIFE, Mumbai to the Women Self Help Group under your able guidance.

The efforts taken by your team members including Dr. B. B. Nayak, Dr. A. K. Balange, Mr. B. T. Phande and Mr Avinash Sable are highly appreciable as they have introduced the concept of preparing different types of value added fish products like fish wafers, prawn pickle and fish papad and trained the women groups in preparing these products.

It's because of your sincere efforts it could be possible to develop women entrepreneurs. It is also realized during this work that the technologies developed at ICAR-CIFE, Mumbai are low cost, need based and have potential in developing women self help groups.

I look forward to working with your team in future too.

Yours truly

(Bharti Lavekar)

To,
Dr. Gopal Krishna
Director/ Vice-Chancellor
ICAR - Central Institute of Fisheries Education,
Panch Marg, Yari Road, Mumbai 61
