

## Training cum demonstration proposal under SCSP -2025-26

### **Feed-based Species Diversified Aquaculture in scheduled caste dominated areas of Alipurduar, West Bengal for augmenting the fish production**

**Sub.:** Request for approve and sanction of Rs 87,100/- (Rupees eighty seven thousand one hundred only) to conduct farmers participatory research programme under SCSP Scheme on "Feed-based Species Diversified Aquaculture" in 30 farmers ponds at Alipurduar, West Bengal during the financial year 2025-26 - Reg.

#### **Background information:**

Due to lack of technical knowledge of aquaculture farmers in Alipurduar district are not practicing scientific methods of fish farming. But it has a great potential for fishery and aquaculture due to plenty availability of freshwater resources. Therefore, it is proposed to conduct a three days training cum demonstration programme on "Modern methods of freshwater aquaculture" for 30 rural farmers of Alipurduar during November, 2025.

#### **Objectives of the proposed activities:**

- Capacity building of fish farmers on scientific fish farming and culture techniques in integration with other enterprises and to facilitate the farmers for undertaking fish culture by distributing critical inputs.

#### **Output/outcome of proposed activities:**

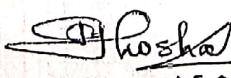

- Empowerment of rural folk to undertake scientific fish culture in integration with other enterprise
- Improvement of income as well as livelihood

#### **Details of expenditure for conducting farmer participatory research under SCSP Scheme**
