

### **Training cum demonstration proposal under NEH-2025-26**

**Subject:** Request for approval and sanction of Rs. 410641.00/ (Rupees four lakhs ten thousand six hundred forty-one only) to conduct a training cum demonstration and input distribution programme on 'Creation of Model Village of Farmers Practicing a "Integrated Fish & Green Fodder Farming" in East Sikkim through Jalkund preparation' for the fish farmers of Pakyong, Rhenock, East Sikkim under NEH at KVK, Ranipool, Sikkim

#### **Background information:**

Various state departments including Central government have been actively promoting the use of Jalkunds for water conservation, storage, and irrigation, primarily to support winter vegetable production. However, the existing Jalkund model currently lacks an aquaculture component. Incorporating fish cultivation into these Jalkunds could significantly enhance their productivity and sustainability.

Therefore, it is proposed to conduct a three days training cum demonstration and input distribution programme on 'Creation of Model Village of Farmers Practicing a "Integrated Fish & Green Fodder Farming" in East Sikkim through Jalkund preparation' for 30 fish farmers of East Sikkim during the month of February-March, 2026 at KVK Ranipool.

#### **Output/outcome of proposed activities:**

- Addition of fish component in the existing integrated farming model for the added avenue for the revenue generation for the farmers.
- Promotion of sustainable farming system integrating the water conservation and waste utilization.
- Economic empowerment of farmers of periurban areas of East Sikkim with ensured economic sustainability and prosperity rather than just the earning for livelihood.
- Creation of new model village with fish-based integrated livestock farming system

#### **Details of expenditure for 30 farmers for 3 days:**
