## Skill Development Programme on **Basics in Freshwater Aquaculture**

3<sup>rd</sup> to 9<sup>th</sup> September 2016

**भा.कृ.अनु.प.-केन्द्रीय मात्स्यकी शिक्षा संस्थान**  
मुंबई

**ICAR-Central Institute of Fisheries Education**  
Mumbai

## Introduction

India is bestowed with enormous freshwater aquatic resources in the form of rivers, lakes, reservoirs, ponds, tanks, *beels* and oxbow lakes. In addition to that freshwater species biodiversity in Indian ecosystems is also huge. Fish culture has emerged as one of the high earning and commercial venture with lot of expansion opportunities. Most of the potential aquatic resources of the country are either unutilized or underutilized, hence the necessity of trained manpower is evident for proper utilization of untapped resources and for scientific farming in those water bodies in which aquaculture is already carried out.

In view of this, a training programme will be organized on “Basics in freshwater aquaculture” at Division of Aquaculture, ICAR-CIFE, Panch marg. Off Yari Road, Versova, Andheri W, Mumbai from 3<sup>rd</sup> to 9<sup>th</sup> September 2016.

## ICAR-Central Institute of Fisheries Education

ICAR-CIFE is a leading fisheries university having a rich curriculum with a wide range of activities in academics and research. The institute continues to be a player in national fisheries education over the years. ICAR-CIFE has emerged as a center of excellence for higher education in fisheries and allied disciplines. It offers masters and Ph.D. programs in 11 specialized disciplines of fisheries. It also offers entrepreneurship development programs, certificate courses and several short duration skill development programs at Mumbai and its four centers. The institute has created an environment of teaching, research and extension making it a preferred destination for students and other stakeholders in fisheries sector. The institute is located in Mumbai, the financial capital of India is well connected by all modes of transport. It is 9 km away from the domestic and international airports, 20 km from Dadar railway station and 5 km away from Andheri railway station.

Division of Aquaculture is carrying out Masters and Ph.D courses in aquaculture discipline and in addition to that involved in research, training, extension and consultancy in farming and hatchery management.

## Topics

- Selection of site and candidate species
- Farm design and Engineering
- Pre-stocking and post stocking management
- Nutrition and disease management
- Soil and water quality management
- Aquaponics and biofloc technology
- Cage and pen culture
- Ornamental fish culture
- Seed production, hatchery management and live feed production

## Eligibility:

Entrepreneurs/farmers/ Students who are interested to carry out aquaculture

**Medium :** Hindi/ English

**Course Fee :** Rs. 1000/-

**Boarding and lodging charges :**  
Rs 250/day Intake capacity : 20 participants
