

ABI Awareness program conducted on the occasion of National Pollution Control Day (2nd December, 2022)

Venue : Selected fish markets in Mumbai

Date : 02nd December, 2022

Report

ABI Awareness program conducted on the occasion of National Pollution Control Day i.e. 2nd December, 2022 by interaction with fish sellers from Culaba, Khardanda and Andheri fish market. During program ABI, ICAR-CIFE, Mumbai team interacted with fish sellers and provided information about harmful plastic pollution and suitable options to replace plastic bags use from fish market which ultimately cause marine fish production by polluting oceans. Few masking paper bags were distributed to 137 fisher women from fish market to show example to replace plastic bags along with informative leaflets.
