

Report on ‘Fish sausages technology demonstration program at Porbandar, Gujrat under NAIF ABI, ICAR-CIFE, Mumbai

Fish sausages technology demonstration program was conducted at Hirawati Frozen Seafood Pvt Ltd, Porbandar on 14th March, 2023. During program final product of fish sausages prepared with technology developed by ABI, ICAR-CIFE, Mumbai was demonstrated to all the participants. Also, sausages preparation method was explained and demonstrated to company employees. Hirawati is a big group of several companies and they have 3 surimi plants in Porbandar and the developed technology of fish sausage has direct relevance to the surimi industry. Representatives and Technologists from those 3 plants were present during the technology demonstration. The owner of the Hirawati group Mr Rajesh Panjari, Mr Rambhau Panjari and Mr Param Panjari with the Directors Mr Rajesh Patel and Mr Pandit had a meeting with Dr Balange AK, Inventor of the technology regarding the viability of proposed technology and all their concerns were addressed by Dr Balange AK. Total 80 participants benefited with this program. We received positive feedback for the fish sausages technology.
