

Training -cum-Workshop for ST farmers on the “Aquafeed Production Technology and Feeding Management for Freshwater Aquaculture” at Palghar 14-16th February 2024

A three days Training-cum-Workshop from 14 to 16 February 2024 was conducted on “Aqua-feed Production Technology and Feeding Management for Freshwater Aquaculture” for ST farmers under the Tribal-Sub-Plan programme of ICAR-Central Institute of Fisheries Education, Mumbai, in collaboration with the Office of Assistant Commissioner of Fisheries, Palghar (Maharashtra). The programme was inaugurated by Mr Dinesh Hansraj Patil, Assistant Commissioner of Fisheries, Thane-Palghar, in the presence of Dr K.N. Mohanta, Head FNBP Division, Dr S. Munilkumar, Principal Scientist, Dr Sikendra Kumar, Scientist and Dr Manish Jayant, Scientist, ICAR-CIFE, Mumbai. In the inaugural speech, Mr Dinesh Patil highlighted the different schemes of the Central and State governments in the fisheries sector and the importance of feed in aquaculture. Dr. K.N. Mohanta briefed about the different locally available feed ingredients and fish feed formulations. The programme ended with a vote of thanks by Dr Sikendra Kumar, the programme's coordinator. Twenty beneficiaries from the different regions of Palghar district participated in the programme. The training resource persons were Dr K.N. Mohanta, Dr S. Munilkumar, Dr Ashutosh D. Deo, Dr Sikendra Kumar, Dr Tincy Varghese and Dr Manish Jayant. The program demonstrated feed production using the Mobile Feed Mill (CIFE Model), and the farmers were taught about farm-made pelleted feed preparation. The programme was successful with the support, guidance, and encouragement of Dr Ravishankar, C.N., Director/Vice-Chancellor and Dr N.P. Sahu, Joint Director, ICAR-CIFE, Mumbai.
